Subject: [GPML] Fwd: Garrett Park Market 5/19
Date: May 18, 2012 3:15:19 PM EDT
To: gpml@googlegroups.com

Hello Customers,

Note from Deb: I am traveling with limited email access right now, so if you need to contact us by email today, please send your email to the haresvalley@pcfreesmail.com address. If you need a reply from us, please include your phone number.

New items at market tomorrow will be non-organic cucumbers, organic strawberries, and Romaine lettuce.

The veggies we have for you to choose from are tomatoes, potatoes, beets, cabbage, scallions, garlic, radishes, cucumbers, bok choy, and zucchini.

Fruits available right now are rhubarb & strawberries as well as Fuji & Gold Rush apples.

Our greens are much the same as before; green leaf lettuce, butterhead lettuce, lettuce mix, Russian kale, spinach, collards, beet greens, pea shoots, arugula, and braising greens mix.

Herbs for tomorrow are cilantro, tarragon, oregano, sorrel, dill, savory, flat leaf parsley, thyme, rosemary, basil, and sage.

We are pleased to offer you all-natural brown eggs, several varieties of mushrooms, cheese, rabbit, honey, maple syrup, jams, home baked bread and rolls, pecan tarts, and whoopie pies.

Please visit us at our location next to the Garrett Park Post Office between 9 AM and 1 PM on Saturdays!

Tim & Linda Derstine
